Thanks for the update.

Let us know if HUC or Hopi can support you in HQ decision.

We think we can demonstrate HUC has the capacity to expedite this work most efficiently and effectively.

Gratefully.

Subject: HAMP Allocation Schedule

Good morning Emmanuelle,

We are briefing village PWS, Hopi Tribal Council, EPA R9 Enforcement and US Congress on HAMP progress this week.

Also coordinating HAMP critical path schedule with engineering, IHS and NTUA teams in meetings Wednesday and Thursday.

All HAMP activities are dependent on confirmation of SDWA TSA program funding decision as proposed in DRAFT IHS 638 agreement. Do you have any updated information regarding if we can allocate EPA contribution through IHS contract as proposed?

We are traveling but will pull over for your call

Thanks.

TIM
